COMMENTS ON STATEMENT OF REASONS FOR ALLOWANCE

COMMISSIONER FOR PATENTS
ALEXANDRIA, VIRGINIA 22313

SIR:

The Examiner's statement of "REASONS FOR ALLOWANCE," included on page 2 attached to the "Notice of Allowability" (PTOL-37) that is in turn attached to the "Notice of Allowance and Fee(s) Due" mailed April 18, 2007, is mistaken in referring to the subject matter of all the allowed claims as including "the arrangement centers align with lifting or depressing the surface pressure releasing plates to release or apply pressure." Also, while the spring holders are recited by Claim 1 to have hooks as indicated by this statement, these hooks are recited as being "surface pressure applying hooks" that engage "with the clamp when surface pressure is applied" and disengage "from the clamp when the surface pressure is released," not just as "hooks for engaging the clamp" as incorrectly expressed in this statement.

Accordingly, the "examiner's statement of reasons for allowance" is in error as to the subject matter of allowed Claims 1-4 should be withdrawn as not correctly indicating the actual subject matter recited by these claims.

Respectfully submitted,

OBLON, SPIVAK, McCLELLAND,
MAIER & NEUSTADT, P.C.
